

Russell Reiserer Bags 6 Jap Planes ---One Day's Work

Redwood City has a new ace today in Lt. Russell L. Reiserer, USNR, of 510 Roosevelt Ave., who in one day shot five Japanese planes out of the air over Guam and destroyed a sixth on the ground while participating in the interception of the enemy air attack upon Task Force 58 during the Battle of the Eastern Philippines. The battle took place on June 19.

News of Lieutenant Reiserer's exploits was released today by headquarters of the 12th Naval District.

Lieutenant Reiserer, whose specialty is night fighting, on that day was assigned to escort a dive and torpedo bombing strike against Oroquieta airfield, Guam Island. He not only destroyed the six Jap planes but made two strafing runs on enemy anti-aircraft gun emplacements. He called it a day only when his machine guns had run completely out of ammunition and no more enemy planes remained in the air, naval headquarters reported.

Lieutenant Reiserer's mission was to fly over the bombers and strafe gun emplacements just before the Curtiss Helldivers and the Grumman Avengers dropped their bombs. When he sighted an operational plane on the Oroquieta airfield, he set fire to it with his 50-calibers, and it burned to the ground.

Eight Jap divebombers, apparently a part of the large carrier-based group attempting to land on the island and burned. He got the other two planes off shore, one of them bursting into flames as it hit the sea, the other exploding just after its two crew members were seen to bail out.

Lieutenant Reiserer shot down three planes, which crashed on the island and burned. He got the other two planes off shore, one of them bursting into flames as it hit the sea, the other exploding just after its two crew members were seen to bail out.

Lieutenant Reiserer told officers he regretted the fact that he didn't get his five Jap planes a day later. On June 20, he and his wife had been married six months. His wife, Mrs. Ruth W. Reiserer, is now living with her parents at Rochester, N. Y.

Lieutenant Reiserer is a graduate of Sequoia High School and attended Stanford University. During his college days he was employed by the Redwood Ice Co., where his brother Jack now works. He is the son of Mr. and Mrs. E. L. Reiserer of the Roosevelt Ave. address.

In September of 1943, he was awarded the Air Medal and a citation from the President for his heroic work during action against Japanese forces in the Southwest Pacific area.

Lieutenant Reiserer, who is 24 years of age, enlisted in the U. S. Naval Reserve Apr. 12, 1941, and was appointed a cadet June 26, 1941. He was commissioned an ensign at the U. S. Naval Air Station at Corpus Christi, Tex., in February, 1942.

He participated in the October,

RUSSELL REISERER

1942, Battle of the Santa Cruz Islands. During the Battle of the Savo Islands and the Guadalcanal campaign, he was credited with "assists" on three Jap planes. On Jan. 30, 1943, while attempting to intercept the attack which sank the crippled USS Chicago, he destroyed a twin-engine bomber.

In January, 1944, he assumed charge of a detachment of carrier-based night fighters. He saw action during the invasion of the Marshalls, took part in the first strikes on Truk and the Marianas and the carrier raids on Palau and Woleai. In April his detachment covered the landings at Hollandia and Wadke and he sank a Jap landing barge and destroyed a Zero on the ground. In June he participated in the fighter sweep on Iwo Jima, Volcano Islands, harassed shipping in Garapan Harbor, Saipan, and strafed Rota Island before his notable performance June 19.

P.A. Woman Hurt In Auto Accident

One Palo Alto woman was injured and another escaped unharmed when the automobile in which they were riding swerved off the road and struck a tree on the Sand Hill Rd. in the Portola District in Woodside shortly after midnight Sunday, the California Highway Patrol reported today.

Margaret Blake, 381 Oxford Ave., Palo Alto, who was riding as a passenger, received minor injuries and was taken to the Palo Alto Hospital for treatment. Lucille Siodia, 450 Stanford Ave., Palo Alto, the driver, was unhurt.

Hundreds Pay Final Tribute To G. J. Alvis

Hundreds of friends this week paid final tribute to Mr. George J. Alvis, 44-year-old Redwood City bond broker and a candidate for supervisor last May who died unexpectedly late Sunday afternoon while on a fishing trip to the Coast-side.

Services this morning from the Layng & Tinney Funeral Home were under the auspices of San Mateo Lodge 1112, Benevolent Protective Order of Elks, of which he was a member, with Exalted Ruler Hugh F. Mullin Jr., presiding.

An army honor guard fired a three-volley salute at gravesite rites at Golden Gate National Cemetery in San Bruno. An army chaplain from the San Francisco Presidio presided at the graveside rites. An American flag which draped Mr. Alvis' casket was presented to his widow, Mrs. Dorothy Alvis. Mr. Alvis was a veteran of World War I.

Members of Sheriff James J. McGrath's office were pallbearers. They were Hugh Williams, Jack Hosford, Jack O'Brien, Thomas P. Maloney, Adolph Waldeck and Benjamin Silverstein. A procession of more than three blocks long accompanied the body to the cemetery. Redwood City police escorted the procession to San Carlos County officials and friends from the Coast-side, where he was well known, attended the services.

Memorial services were conducted by Redwood City Aerobics, Fraternal Order of Eagles, and Redwood City Post 105, American Legion.

Mr. Alvis died at Martin's Beach, seven miles south of Half Moon Bay, at 5:30 p.m. Sunday. He and his wife and two children, Wallace and George Jr., had been jumping for smelt when he apparently suffered a heart attack. Mr. Alvis was the son of Mrs. Josephine McGlynn of San Francisco and a brother of the late Raymond Alvis. He was a native of Redwood City.

Commander Receives Citation

Lt. Comdr. J. J. Sawaska of 458 Third Ave., a newcomer to Redwood City, was today the recipient of a commendation from Lt. Gen. R. Robert Eichelberger, U. S. Army commander in the South Pacific.

Lieutenant Comdr. Sawaska recently moved here with his family from Los Angeles, according to a report received today from navy officials.

The commendation made public today reads:

"Dear Commander: The unloading at Hollandia, New Guinea has progressed with such speed and efficiency that I wish to send my congratulations to you and your crew for a notable part in this achievement.

"This outstanding record could be achieved only as a result of your superior leadership and energetic performance of work beyond the scope of the ordinary duties on your part.

"You may be sure that your success has in no small measure advanced the progress of our march against the Japanese.

"Please accept my personal thanks for your cheerful co-operation with cordial regards.

Sincerely,
R. Robert Eichelberger,
Lieutenant General
U. S. Army Commander."

Grenades Okayed

Electric eyes now check hand grenades on the assembly line at the rate of 4000 per hour. When a defective unit appears on the conveyor, the mechanism rings a bell, applies a dab of paint to the faulty grenade, and makes a mark on a chart.

Life insurance policy loans reached their peak in 1932, when they aggregated \$3,805,000,000.

Civilian Flying May Be Resumed

SAN MATEO — Civilian flying from airfields on the Peninsula, banned since the outbreak of the war, may be resumed shortly, it appeared today, as the Regional Air Traffic Authority announced approval for limited civilian flying from airfields in San Mateo and Belmont, and six other Bay Area spots.

The decision, however, is subject to final approval from Washington, expected "within 30 days," the announcement made in San Francisco said. The other six airports include San Francisco, Oakland, San Jose, Mountain View, Fresno and Bakersfield, but flights would have to be "in support of the war effort," and pilots would be required to make regular reports on their movements.

Only non-military flying on the Peninsula at the moment is that done by the Civil Air Patrol. At present some 40 cadets are being trained by this group at Mills Field.

O. C. Spohnheim, Civil Air Patrol flight leader for the San Mateo area, said today that tentative approval to the Bay Area fields has for some time been pending sanction by the navy which operates Moffett Field and can control any civilian flying near it.

Twin Daughters Born to R. C. Couple

PALO ALTO — Twin daughters were born this week at the Palo Alto Hospital to Mr. and Mrs. Edward Potts, of 1086 El Camino Real, Redwood City. The first arrived at 1:30 a.m. and weighed 5 lbs. 5 oz. and the second weighing 6 lbs. 8 oz. was born at 1:37 a.m.

Bus Drivers End Ban On Standees

Peninsula bus drivers began taking standing passengers here again Wednesday, thus ending a ban imposed on June 22 and clearing the war for WLB processing of their contract dispute with the Greyhound Lines.

The ban during the past three weeks has caused many passengers to stand at bus stops on the outskirts of the Three Cities for several hours before a seat was available.

The union voted to rescind the ban on standees at a meeting held last night in San Francisco.

The WLB had notified the local that it would not consider further contract negotiations until the ban was lifted.

The Greyhound drivers contended that standing passengers hampered proper operation of buses and that they wished to protect themselves. The Greyhound Co. however declared that this was "pressure strategy" to force acceptance of the union's demands.

Robert E. Hasselman, spokesman for the Amalgamated Assn. of Street, Railway and Motor Coach Employees (AFL) was reported in an Associated Press dispatch to have said that a "substantial majority" voted to end the ban on standees.

Chamber of Commerce Directors Meet

Directors of the Redwood City Chamber of Commerce have set Aug. 19 as the provisional date for the annual organization barbecue, it was announced today.

Projected construction of a chamber of commerce building was referred to the real estate committee for a report on sites.

The directors adopted a resolution protesting the present 5-gallon gasoline ration limit for service men home on leave or furlough, and urged that the ration be made according to need.

Officials Consult Gans, Peterson on Ambulances

Officials of the Three Cities Tuesday afternoon consulted with County Executive Frederick Peterson and Dr. Charles C. Gans, county health and welfare director, on the possibility of securing county aid to improve ambulance service and were given assurance that a thorough investigation into the matter would be made.

Peterson said today a complete investigation as to the need of additional ambulance service and the necessity of county assistance would be made before steps are taken.

No definite action was taken at yesterday's meeting, attended by City Mgr. W. D. Soule of San Mateo, Mayor Earl P. Wilsey of Hillsborough, City Councilman Herbert Harris of Burlingame, Gans and Peterson.

Another meeting will be held in a week or two to go deeper into the matter, Peterson said.

Peterson declared that not only was ambulance service in the Three Cities being considered, but the entire county is being taken into consideration. Redwood City and Daly City now receive county aid to maintain ambulance service.

"I do not see any objection to the county helping out if the need is shown," Peterson said.

The San Mateo City Council had asked the County Board of Supervisors to determine if county aid could be given, and the board referred the matter to Peterson.

Junior Red Cross Increases Membership

Miss Gertrude M. Beeger, Junior Red Cross chairman for the Redwood City chapter area, reported to the executive board of the senior chapter yesterday that the juniors boast a membership of 6038. In the past year, she reported, the juniors contributed 9000 articles to the war effort and earned 847 certificates of proficiency in nursing, life-saving, etc.

Yes it PAYS TO INSULATE YOUR HOME

KEEP OUT SUMMER HEAT
10 to 20%

KEEP IN WINTER HEAT
UP TO 30%

CONSERVE FUEL...

If you had a leaky roof on your home—you would fix the leak mighty soon, wouldn't you? Fixing leaks saves money.

Insulating your home is like fixing a leaking roof. When you heat your house without insulation, for example, heat rises and seeps through the ceiling plaster and leaks up through the attic and roof. Insulation blankets-in house heating and helps check heat loss. Insulation also helps prevent summer heat from seeping down from the hot attic and through the whole house. Year round—year in and year out—Insulation will save you money and add to health and comfort.

It will pay you to Insulate the ceilings in your home. Insulation may save as much as 30% in heating costs next winter. And by stopping this heat waste you help conserve fuel that is vitally needed in war production.

The new light-weight Insulating materials, now available without restriction, are low in cost. Special F.H.A. terms are in effect. Easy monthly payments start November 1st. Insulate now—save money.

TRUTH took a town today!

AMERICAN troops want the truth told about what they are doing. If a soldier reads an account of a battle action in which he shared and comments, "Boy, that's it—that's the way we took the town," a war correspondent can hit his bedroll that night content that he has performed the highest function of a front line reporter. The troops do not want to be "glamorized".

On the other hand, the troops don't want want their sacrifices, victories—or defeats—minimized or glossed over. They just want the people they are fighting for, the home-folks, to know what they are doing and what is happening to them.

To write war news thus is the aim of every Associated Press battlefront reporter. Indeed, it is their only aim.

Teacher Denied Trailer Home

Last night the Menlo Park City Council denied the application of Mrs. William Crawford, a young Menlo Park school teacher, who sought permission to establish a trailer home on a lot at Harvard and El Camino Real.

Mrs. Clarence Genasci, owner of the property, appealed in Mrs. Crawford's behalf. Explaining to the council that she was moved by the young school teacher's unsuccessful attempts to find suitable housing facilities in Menlo Park or Palo Alto, she pointed out that Mrs. Crawford's husband was in the service and that she was willing to allow Mrs. Crawford and her mother, who lives with her, to occupy the property without payment of rent.

On the recommendation of City Atty. James O'Keefe, and the city health department, the council was advised against setting a precedent of allowing trailers to be placed on any vacant lot in Menlo Park.

The council voted unanimously to deny the application, and it was suggested that Mrs. Crawford might take her trailer to one of the nearby trailer camps.

★ ★ ★
The adopting of the bicycle ordinance, introduced at the last council meeting, was tabled for the next regular meeting of the council.

The council recommended that citizens who own bicycles should make known their opinions regarding the provisions of the ordinance within the next two weeks.

The resolution introduced by Mayor Donald Fisher that the fee of 35 cents be established for the registration of every bicycle was adopted.

Street Comr. Charles Burgess reported that his commission visited Palo Alto last week for an examination of its street system. He said that his commission was grateful for the information it received.

★ ★ ★
Based on the new city ordinance that allows building of temporary structures during the war-time emergency, the Cook Research Laboratory, 950 Crane Ave., was granted a building permit last night.

City Atty. James O'Keefe read the request for the proposed addition and a summary of the type of work to be done on the premises.

Lawrence Cook, owner of the laboratory, appeared before the council to sign the agreement between the city and Cook Laboratory.

★ ★ ★
A petition presented by Mrs. Mary Carter and signed by 12 other property owners of Roble Ave., requested that the city engineer give the property owners the line and grade for sidewalks, curbs, and gutter on Roble Ave. After this information is received the property owners will contact a cement contractor and work will start on the improvements.

★ ★ ★
A letter of protest was received from George F. Nesbitt, 720 Creek Dr., Stanford Park, regarding the proposed street improvement project in that district. Mr. Nesbitt stated that his objections were to the present high cost of materials and shortage of manpower for this type of work during war-time.

★ ★ ★
Street Comr. Charles Burgess reported that letters had been sent to the property owners of Stanford Park informing them of the proposed street improvement of Cherry and Pine Aves. A meeting for all property owners on these streets will be held next Monday at 8:00 p.m. at the city hall when opinions may be voiced.

★ ★ ★
A proposal was made by Mayor Donald Fisher to erect an honor roll for service men and women from Menlo Park. He immediately appointed a committee to investigate the cost and design of the memorial.

★ ★ ★
Transfer of twenty-five dollars, contributed for the Herbert Jones Memorial Fund, from the general fund to a special fund for the proposed honor roll was voted.

★ ★ ★
The next meeting of the council will be held Tuesday, July 25.

Menlo Park Boy Starts Grass Fire

A small grass fire, started by a 6-year-old boy, at West O'Conner Ave. near Central Ave. was quickly extinguished by Menlo Park firemen this week before any damage was done.

The boy, who had been playing with matches, was reprimanded by firemen and turned over to his father.

Another small grass fire at 1951 Hall St. was reported by the fire department. No damage was caused from the blaze which was blamed to a carelessly thrown cigarette.

★ ★ ★
p.m. at the city hall when opinions may be voiced.

County Hospital Adds Dr. Weiss to Staff

SAN MATEO—A new doctor today joined the staff of Community Hospital, after Dr. Paul Beddoe, Alhambra physician who had accepted the post, is now a naval physician. The new physician is Dr. Bert Weiss who will act as assistant to the resident physician. Only other doctor now on duty is Dr. Lincoln McGee.

In approximately three weeks, Dr. Karl Lowe of New York is expected to join the staff. Difficulty in securing transportation is responsible for the delay, Dr. Harry Hayes, hospital superintendent, said.

Dr. Beddoe caused a stir last week, when he appeared at the hospital on an initial inspection tour, said he would be back in a few days, and then completely dropped from sight, leading hospital authorities to conjecture that he might have met with foul play. He was later located at his home in Alhambra, where, in a telephone conversation with Dr. Hayes, he said he had not been satisfied with certain arrangements here and had not remained.

Redwood City Goes Over Bond Quota by \$293,954.50

Patriotic Redwood City people purchased \$1,178,954.50 in war bonds during the Fifth War Loan drive, which ended last weekend, Clifton H. Woodhams, general chairman of the drive, here, reported today.

The final total is 33 per cent above the \$883,000 quota that had been set for Redwood City and includes purchase of \$361,000 worth of Series "E" bonds by individuals, which represents an oversubscription of approximately 3 per cent of the \$350,000 goal that was set last month.

Assisting Chairman Woodhams on the successful bond selling committee were Fred Walker, Harry Ramsey, Stan Perkins, Charles Nelson, Fred Gibbs, Edwin Hunt, Carl Ward, A. H. McGovern and Mrs. Florence Donnelly, all of whom were sub-chairmen, and the following members of the general committee: J. A. Buhler, Floyd McCue, T. N. Thompson, Gibbs, Ward, Hall Jacobs, Walter Kellogg, Robert O'Connell, Mrs. Henry Beeger, Ed-

Charges Dropped In Hit-Run Case

Charges of technical battery against Virgil Robert Spiller, Peninsula softball player, was dropped today when Mrs. Virginia Cobb, 21, who was knocked down in the driveway of Washington Park in Burlingame Saturday night failed to press charges against Spiller.

Spiller, who had been arrested on a technical charge of battery by Burlingame police in connection with the alleged hit-run accident, denied knowledge of hitting Mrs. Cobb with his automobile, stating that he neither heard nor saw anything as he drove from the park.

"I had full insurance coverage on my car, so there would be no reason for me to drive off if I had hit someone," Spiller told police.

Mrs. Cobb, who yesterday said she would drop the charge against Spiller if her medical bills, incurred for treatment to her knee which was injured in the accident, would be paid.

Spiller today said he had paid the bill, amounting to \$215.00, and Mrs. Cobb subsequently did not swear to a complaint.

win Hunt and Mrs. Vera Liguori, secretary-treasurer.

The drive lasted four weeks and the Redwood City area included Woodside, Emerald Lake and Portola.

Party Committees Hold Meetings

Central committees of both the Democratic and Republican parties this week held organizational meetings at the courthouse in Redwood City and each group promised to back the standard bearers of its respective party.

Edward J. Carrigan of San Mateo was chosen chairman of the County Democratic Central Committee. John Thompson of San Bruno was named vice chairman and William B. Pedigo of San Mateo was elected secretary-treasurer.

Rene Cazenave of San Carlos was appointed to the Democratic committee to replace Pat Frayne of San Carlos, who resigned. Howard Watkinson of Burlingame was named to fill a vacancy from the Second District.

E. H. Coggriff of Burlingame was re-elected chairman of the County Republican Central Committee. Randolph W. Madison of Hillsborough was chosen vice chairman; Capt. L. G. McAloney of San Mateo, secretary, and A. E. Cargill of Burlingame Hills, treasurer.

The Democrats appeared jubilant over President Roosevelt's announcement that he will run again. The Republicans promised to back Thomas E. Dewey and John W. Bricker and John Z. (Jack) Anderson. The committee will meet with other committeemen of the counties in the Eighth Congressional District and with Anderson at San Jose Saturday afternoon.

Motor Bearing Plans TB Tests

Tuberculosis will be on the defensive at the National Motor Bearing Co. here, when a chest X-ray project will be held at the plant under the auspices of the San Mateo County Tuberculosis and Health Assn., July 21-22, in co-operation with the company's medical service.

The purpose of the survey at the National Motor Bearing plant is principally to find tuberculosis before the infection can spread to healthy workers and assist those who might have the disease in an early stage.

Company officials reported that nearly all of their 450 employees on both the day and night shifts would voluntarily subject themselves to the X-ray examination during working hours.

This type of medical service is the first of its kind to be offered to industries of San Mateo County. All workers needing medical service or advice will be referred to their own physician.

Peterson Objects To Status on Jobs

County Executive Frederick Peterson Tuesday objected to the County Civil Service Commission giving permanent status to persons who are appointed to county posts during the war.

In a letter to the civil service commission, Peterson wrote: "It has come to my notice that all civil service positions in the county are being filled permanently at the present time, even with out-of-county applicants when necessary."

"It is my thought and I pass it along as a suggestion, that any vacancies occurring in this 'duration' period should be filled in a temporary or provisional manner; that examinations for all permanent civil service positions be deferred until our men and women now in the armed forces return to their homes and are in a position to compete if they should so desire."

"I would like to have your commission give serious consideration to the above, as it seems to me it would be a more patriotic and just procedure if something could be worked out along the lines suggested."

"Please let me have your comments."

The letter will be given to the commission at its meeting next Wednesday. The commission now meets every other week instead of each week.

Court house observers said that in order to carry out Peterson's suggestion it would be necessary to make an amendment to the charter.

FALSE ALARM

A false alarm turned in from the alarm box at Broadway and Main St., called out the Redwood City Fire Dept. before noon Tuesday.

Firemen who responded to the alarm said they could find no indication of fire in the vicinity and no trace of the person sending in the call.

PUBLIC NOTICE

Norman S. Menifee, Atty.
SUMMONS
No. 37094

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

COLLEEN HANNERS, Plaintiff, vs. CLIFFORD HANNERS, Defendant. Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: CLIFFORD HANNERS, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said county, or if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

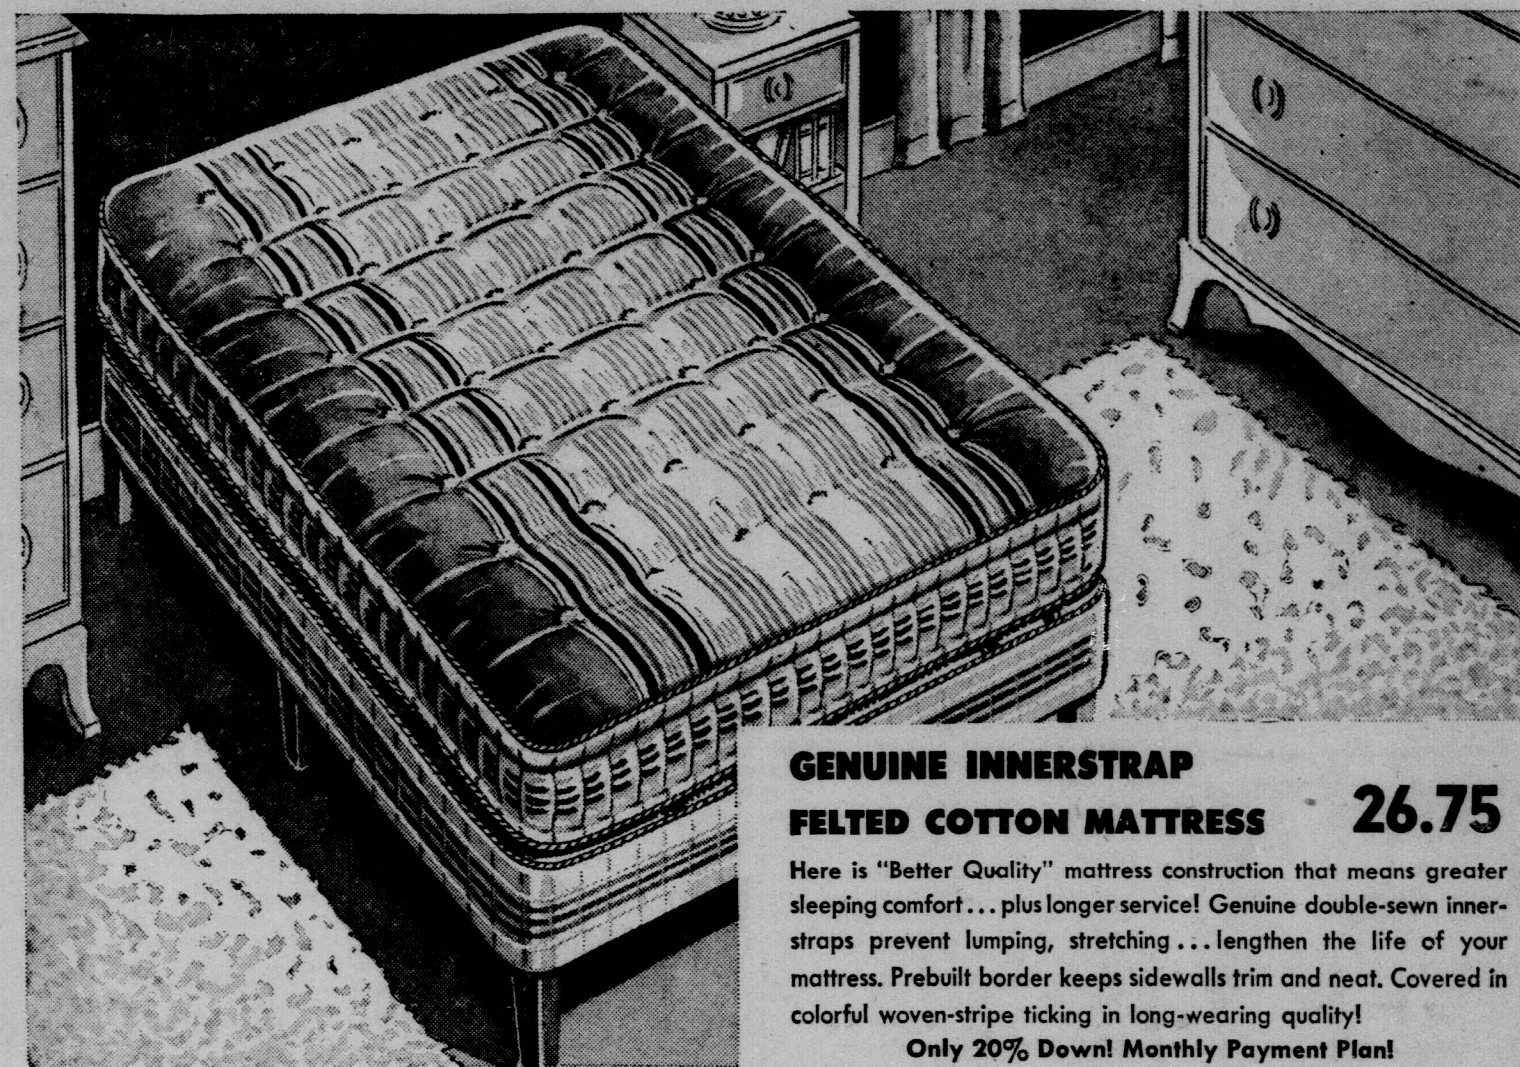

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 3rd day of July, A. D. 1944.

W. H. AUGUSTUS, Clerk.
By ROBERT DUFFY, Deputy Clerk.

Menlo Writer Returns To Russia

MENLO PARK—Dr. Anna Louise Strong, writer and authority on the Soviet Union where she lived for many years, has returned to Russia on a writing assignment for the Atlantic Monthly magazine, members of her family disclosed here today.

A cable announcing Dr. Strong's safe arrival in Moscow has been received by her sister, Mrs. Charles H. Neiderhauser, of 664 Creek Dr. The message also says that Dr. Strong has already made a flying trip to Minsk, the German stronghold that fell last week to the Russians.

Dr. Strong hopes to drive next week to part of Russia's reclaimed

ANNA LOUISE STRONG

territory according to the cable received here.

The last previous word Mrs. Neiderhauser had from her sister was June 26th when she received a letter from Fairbanks, Alaska, where Dr. Strong was awaiting the Soviet bomber that took her to the Russian capital.

Arrangements for the trip, believed to be the first made by a civilian woman during the war, were cleared by Atlantic Monthly with the U. S. State Dept. as well as with Russian authorities.

Dr. Strong has not been in Russia since the early days of the war, Mrs. Neiderhauser said. She has been living at 872 Partridge Ave., where she has been working recently on a history of Russia's seven sovereign states. Her most recent work was a novel, "Wild River," her first attempt at fiction with a Russian background.

Dr. Strong spent the better part of 20 years preceding the war in Russia. Her husband, Joel Schubert, a Russian scientist, who was here during the Golden Gate International Exposition, died two years ago.

COMMUTERS: McKeegan Praises Fire Department

(By Locomotive Bill McKeegan pinching for Joe Caboose).

Yes, folks, it's happened again. Joe, good old Joe, America's foremost Commuter columnist is missing from his usual haunts. Rumors as to what happened to Caboose are many. One has it that he has gone into the hills to get away from it all. . . . another that he has become a naturalist and still another that he has gone to work as a fireman, sleeps at the fire house and was last seen burning grass with Fire Chief Mark Ryan. You see, Joe is an expert burner, practically destroying the neighborhood when burning rubbish not long ago at his new home.

Speaking of Chief Ryan, I wonder how many people know that Redwood City has one of the outstanding fire chiefs in the State. No less an authority than Jay Stevens, former state fire marshal and an authority on fire prevention, made a flying trip to Minsk, the German stronghold that fell last week to the Russians.

Jake Buhler, Ray Spangler, and Gene Barrett all very much in evidence and a grand "bunch" of fellows plus many others who did their "bit" to make this one of Redwood City's greatest events. . . . The Commuters Club operated the soft drink booth with those hard working "gents," Messrs. Curran, Cereghino, McKenna, Doblyn, Perkins, Armitage, Cruise, Clarke and Brizee. . . . Ex-Commuters Pres. Gene Hoffman served in a utility capacity supervising, gathering empties, counting the receipts, etc.

One of our well-known bus commuters would like to know why the Pacific Greyhound can't run an empty bus from the bus station in San Francisco to pick up customers stranded along the road and who work at points a considerable distance from the station. While we are not taking any part in the standee bus issue, it would seem that an extra bus running empty should be provided for these unfortunate commuters who are forced to stand at a corner for an hour or longer before being able to board a bus.

The report of Gordon A. Garland, director of the department of motor vehicles for the year 1943, lists nearly all Peninsula cities as having shown an improvement in automobile accident fatalities. . . . all except Redwood City. . . . police department please note.

Commuter notes. . . . Bert Conroy battles sun at Searsville Lake. . . . the sun wins. . . . Joe Corbett seriously ill in San Francisco hospital. . . . Mr. and Mrs. Stan Perkins win prize waltz contest at July 4 celebration. . . . Discovered a new barbecue site. . . . Membership Chairman Curran please note. . . . his name is Sam Shotwell, the well-known San Francisco insurance executive. . . . he has the application in the pocket.

Plan for School Gets WPB Okay

Priorities for site construction of a new four-room school unit on Willow Rd. have been assured by the War Production Board, the Ravenswood School Board was told at its regular meeting Monday.

by Arthur D. Janssen of Atherton, architect for the district.

T. A. Callahan, board chairman, said today that it would not be possible for the building to be completed in time for the opening of school in the Fall, as plans are still to be finished up and bids advertised.

Split sessions will be held in the overcrowded Ravenswood School for a few weeks, he said.

Mr. Callahan was re-elected chairman of the board and Mrs. Paul Boyer was named secretary to succeed Mrs. E. H. Warner, who retired from board membership this year.

The annual budget hearing, previously set for Aug. 3, was moved to Aug. 7, the date of the board's regular August meeting.

Joe Brown of the People's Police of East Palo Alto was hired to guard the school properties.

Principal Roy Liddick of the Ravenswood School and Mrs. Liddick were among the visitors at the meeting last night.

Other communicable diseases reported over the same period were 284 cases of measles, 189 cases of mumps, 108 cases of German measles, 90 cases of scarlet fever, 53 cases of tuberculosis, 27 whooping cough cases, 4 cases of diphtheria, and only 1 case of tetanus.

R.C. Gardener Reaps Gigantic Cabbage Crop

Mrs. Joseph Casaretto Sr., 244 Finger Ave., won't have to worry about what kind of salads to prepare for her husband this Summer; he seems to have taken care of the problem for her—he'll be eating cole slaw—and liking it.

Mr. Casaretto, a retired businessman who had made victory gardening his chief hobby, planted a row of cabbages this Spring and nurtured them through childhood with the loving care that a mother gives her baby.

The enterprise paid dividends, because today the Casaretto's have a patch of cabbages each of which weighs from 15 to 20 pounds and measuring 10 to 12 inches in diameter.

Mrs. Casaretto, a thrifty housewife, promises that nothing shall be wasted, thus cabbage salad, cabbage pudding, and cabbage soup will be on the Casaretto menu for the rest of the Summer.

Redwood City Port Unloadings Boom

Unloadings, as many as 12,500 tons at one time, are part of the increased volume of traffic that flows through the Port of Redwood City, A. A. Moran, manager of the port, reported in a talk before the Kiwanis Club at Sodin's.

Moran explained that in the 18 months ending May, 1944, 101 ocean-going steamers have been unloaded at the Redwood City Port and contractors are responsible for \$275,000 in improvements.

Because of the modern facilities here, Redwood City's port is known throughout the shipping world, Moran said, and as a result much manufacturing is expected to center in this region after the war, thus bringing a boom to the area.

Success of the port is due to a large extent, to the co-operation of the port commissioners, Moran concluded.

S. G. Alexander Gets Prison Term

Sidney G. Alexander, 36, of Redwood City, was sentenced in San Francisco to two years in federal prison for embezzlement of bank funds, according to an Associated Press dispatch.

Alexander, whose Redwood City address is 419 Birch St., was for seven years bookkeeper of a bank in San Francisco.

He pleaded guilty to an indictment charging him with taking \$200, but FBI agents testified he stole more than \$200 between February and April, 1943, and spent it gambling. Alexander allegedly appropriated money in the bank's travel bureau deposits and entered the sum in the book as frozen accounts.

Negro Youth Robs M.P. Service Station

Taking \$76 from the cash register of the Richfield service station, Middle Ave. and Camino Real, late last night, an unidentified Negro youth was today being sought by Menlo Park police.

William Batcheller, owner of the station, told police that the youth entered his station to ask directions, and when Batcheller went outside to wait on a customer, he opened the cash register and made off with the money.

Batcheller described the Negro as being about 20 years old, tall and slender, and wearing a blue shirt and pants but no hat or coat. Batcheller said he saw no car that might have been driven by the youth.

The automobile industry is turning out more than a million dollars worth of arms an hour.

Bayshore Freeway Approved: S.F. Starts Land Purchase

Purchase of land for the proposed Bayshore Freeway, a high speed thoroughfare between San Francisco and the Peninsula, will begin next week, assuring construction of the project after the war, it was learned here today.

Under an agreement entered into between the City of San Francisco and the State Highway Commission

SAN FRANCISCO (AP) — Marshall Dill of the Public Utilities Commission said today he was negotiating with state officials in an attempt to re-route the proposed Bayshore Freeway to make way for construction of new super-runways at San Francisco Municipal Airport.

Although the city owns 2900 acres of land in and adjoining the airport site, about 500 acres lie west of Bayshore Hwy. By rerouting the highway further to the west, Dill said, the city could construct runways long enough to accommodate any land plane yet conceived—the longest of any commercial airport in the world.

San Francisco will be available for the acquisition of land for the freeway, Joseph J. Phillips, director of property for San Francisco, who announced that the city would begin purchase of land next week, stated that the freeway is now a

freeway. Purchase of two more parcels of land was authorized by the supervisors yesterday.

Phillips said he would begin purchasing land from the county in Visitacion Valley to Army St. and Bayshore Hwy. next week. This

Probation Group Holds Meeting

The public meeting scheduled by the County Probation Committee to discuss possible sites for a new juvenile home turned out to be a private meeting because the "public" did not show up.

Committee members themselves discussed the three sites already suggested — County Relief Home, Community Hospital and Canyon Sanatorium—but no definite site was selected.

Chmn. Joseph L. Hyman said the committee will frown upon the placing of juveniles charged with misdemeanors in the detention home when it is possible to turn them over to their parents pending their appearance before juvenile authorities.

Hyman declared Lee Alderman, who recently took the office of assistant probation officer, is "taking hold well."

Probation Officer Francis Robinson said Alderman was a "very fine selection and will make a very fine man."

Hyman said the committee is looking toward an early appointment of another assistant for the probation office.

Australia is the only country other than the U.S. which has any wild species of Nicotiana, or native tobacco plant.

land parallels, to a considerable extent, the present route of the Bayshore Hwy.

San Carlos Loses In Court Action

Superior Court Judge A. R. Cotton Tuesday failed to uphold charges brought by the City of San Carlos that L. Sanders of the Associated Chemical Co. had violated a court order.

On Apr. 17 the City of San Carlos received a judgment by stipulation against the fertilizer firm plant, enjoining it from emitting noxious and offensive odors.

The City of San Carlos maintained odors and dust continued to emit from the establishment and yesterday Sanders was brought to court on an order to show cause. Judge Cotton, however, ruled the plant was being operated properly and refused to find Sanders guilty of contempt.

The plant is located on Bransten Rd. in San Carlos.

52 New Members Added to C. of C.

Fifty-two new members have been added to the Redwood City Chamber of Commerce since the first of the year, Ferris W. Miles, president, announced today.

"We anticipate a total membership of 300 by the end of 1944," Miles said, adding that the gain would make the chamber the largest in its history and nearly twice the size of its membership two years ago.

160 Bales of Hay Destroyed by Fire

One hundred sixty bales of hay, valued at \$300, were destroyed by fire at Cooley St. and Woodland Ave., East Palo Alto, Tuesday afternoon at 6 o'clock.

The fire, which Menlo Park firemen said was started by children playing in the hay, burned for two hours before being extinguished. Edward Mello of Menlo Park, owner of the hay, said the hay had been baled only a few days ago and was being stored in the field from which it had been cut.

It Was Eggs—Now It's Onions

Benny Paradiso knows his onions, and to prove it, he brought a two and a quarter pound onion into the Tribune office today.

Paradiso, a farmer in the San Carlos district, says he has lots of onions that size, and he claims that they have been cultivated more often than once, they would weigh at least four pounds. The onion is of the Red Globe variety.

Lions Club Asks for Names For Redwood City Honor Roll

The Redwood City Lions Club today called upon parents and relatives of volunteers in the armed services from Redwood City and immediate vicinity to provide the names of the service men and women for a proposed honor roll. The club proposes to spend \$1000 on an outdoor honor roll which will list the names of service men in raised, weather-proofed letters. It was explained that names of service men processed through Selective Service Board 106 can be obtained readily, but that there is no record of the volunteers prior to the date when all induction were routed through selective service. It was requested that names be mailed to Philip Clarkin, secretary of the club, at the California-Broadway Branch, Bank of America, Redwood City. Head of the club's honor roll committee is Joe Territo. He is assisted by Philip Hastings, Arthur Swift, Ole Olesen and Fred Walker. Sites under consideration for the

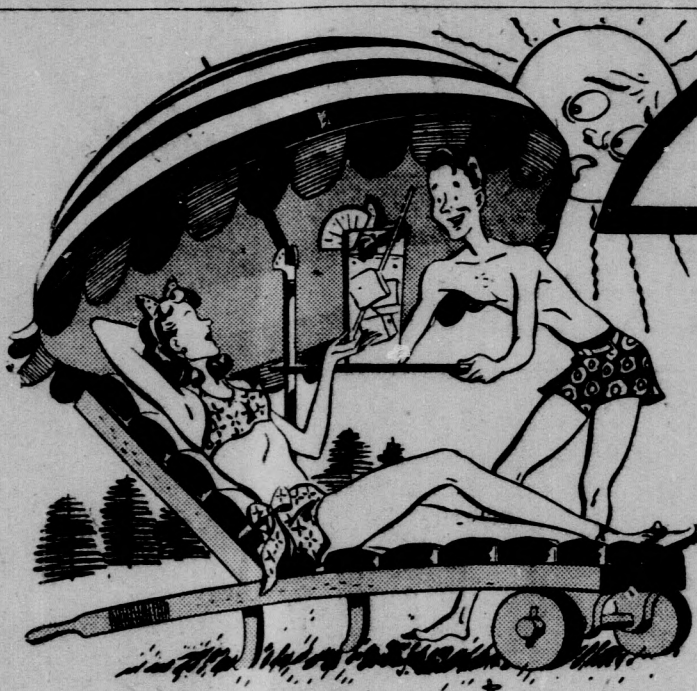

Katharina Imgrund Leaves Many Bequests

Katherine M. Imgrund, San Mateo County resident who died June 29, left bequests of \$500 each to 13 relatives from Berkeley, Redwood City and Burlingame. Value of her estate was listed as "over \$10,000."

Named as her residuary legatees were James Seitz, 367 Jeter St., and Mary Seitz Williams, 646 Whipple Rd., both of Redwood City, and Elinor J. Marononi of Berkeley.

Doughnut Delivery Saved by Navy

A Red Cross clubmobile rolled up to a dock somewhere in Italy just as troops had all been loaded on an LST for the Anzio beachhead. Since no one was allowed by port authorities to go on board for reasons of military security, it was up to two enterprising sailors to save the day. Down the ramp they quickly marched, carrying an empty stretcher, which they promptly took back into the ship filled. Thanks to the Navy, nobody missed their doughnuts.

SAFEWAY Homemakers' Guide

Summer and Winter

No matter what the season, you can buy quality food at money-saving prices—consistently low!—if you shop at Safeway. Below, you will find some sample summertime prices. Let them guide you to real savings!
